عنوان سند:

TD-NMR
DataSheet
(ISO 9001 : 2008)

| Item No. | Technical Features | Description |
|----------|---------------------|---|
| 1. | Main Unit Included: | TD-NMR: 20 MHz or better Permanent magnet Polymer analyzer Equipped with auto Sampler |
| 2. | Power Supply | 220 V, 50 Hz |
| 3. | Temp. range | -100 to 200 °C |
| 4. | Suitable probe for | Xylene solubility (2-50 %) Ethylene in propylene Tacticity in propylene Additive content |

Additional Specifications which should be supported:

1. Density and crystallinity in propylene
2. Molecular mass determination
3. Measurement Melt-flow index and molecular mass

| Additional Requirement | quantity |
|---|----------|
| 1. CRM for different probes | - |
| 2. PC with Latest version of software and printer | 1 |
| 3. NMR Tube | 100 |
| 4. Special matched Auto Sampler | 1 |
